

Artist Instructions for Tiles

- ◆ All artwork needs to be created on square paper no larger than 9" x 9". Any color paper works. Colored paper creates a colored background. Do not use lined paper. The most important thing to remember is Square.

Markers, oil pastels, crayons and paint work best. Bright and bold colors are desirable. Paper collage (flat) also works well. Fluorescent or Day-Glo Papers and Paints, Glitter and Pencils can not be used, as they do not transfer. If there are pencil marks on the artwork erase them, do not use White Out.

The artist can sign and date their artwork. Just make sure to leave at least 1/4" border above or below the name from the edge of the paper, so that it is not cut off.

- ◆ Every artist's name must be printed in pencil on the back of each art piece. Indicate the top of each piece of artwork either with an arrow or the word "top" in pencil.
- ◆ We can accept photographs and computer artwork. We cannot accept any copyrighted material without proper release forms.
- ◆ Please note that we cannot improve on the quality of originals that are submitted.
